

Peggy Chiang

Product designer with 8+ years in B2B and B2C UI/UX.
I specialize in design systems and interface architecture for complex platforms, turning accumulated design debt into something teams can ship against.

EXPERIENCE

UX/UI Engineer | Knowtecq Limited Taipei, Taiwan

B2B Cloud Platform

Mar 2025 - Aug 2026

- Rebuilt a bloated design system from **175 components down to 117, a 33% reduction**, giving engineers one clear source for each pattern.
- Defined what each component is for and where it stops, so designers extend what exists instead of building something new.
- Established naming conventions and developer handoff documentation covering **usage rules, spacing tokens, and edge cases**.
- **Surfaced new product directions** by combining interview findings with input from internal teams, and worked with engineering to turn the **viable ones into shipped features**.

UX/UI Designer | Letron Taipei, Taiwan

Live and Sport Application

Nov 2023 - May 2024

- **Lead rapid visual iterations** on app designs, **streamlining workflows** and **enhancing user experiences**.
- **Establish and implement a comprehensive design system** from the ground up, ensuring **consistent branding** and **scalability** across the platform.
- **Design functional wireframes** to define **clear user journeys** and align with **product goals**.
- **Conduct competitor analysis** and **internal research**, collaborating with **engineering teams** to identify and act on **key opportunity areas**.

Sr. UX/UI Designer | 4Gamers Taipei, Taiwan

Chat and News Feeds Platforms

Sep 2020 - Mar 2022

- Led the design of gamification mechanics, resulting in a **membership growth from 10,000 to 70,000+**.
- Conducted stakeholder interviews, driving strategic website revisions and **boosting user engagement by 50%**.
- Created and executed a design system from scratch, ensuring consistency across the platform.
- Implemented features that reduce user friction on the platform, **contributing to a 20% increase** in website page views.
