SUMMARY

Product designer with 15 years of experience in digital product design, including 8+ years in B2B and B2C UI/UX. Specializes in design systems, interface architecture, and resolving accumulated design debt to help teams ship products.

EXPERIENCE

UX/UI Engineer | Knowtecq Limited

Mar 2025 - Aug 2026 | Taipei, Taiwan

B2B Cloud Platform

- Streamlined a design system, reducing it from 175 components to 117, a 33% reduction, and giving engineers one clear source for each pattern.
- Defined the purpose and scope of each component so designers could extend existing components instead of building new ones.
- Established naming conventions and developer handoff documentation covering usage rules, spacing tokens, and edge cases.
- Identified new product directions by combining interview findings with input from internal teams, and worked with engineering to turn viable ideas into shipped features.

UX/UI Designer | Letron

Nov 2023 - May 2024 | Taipei, Taiwan

Live and Sports Application

- Led rapid visual iterations on app designs, streamlining workflows and enhancing user experiences.
- Established and implemented a comprehensive design system from the ground up, ensuring consistent branding and scalability across the platform.
- Designed functional wireframes to define clear user journeys and align with product goals.
- Conducted competitor analysis and internal research, collaborating with engineering teams to identify and act on key opportunity areas.

Senior UX/UI Designer | 4Gamers

Sep 2020 - Mar 2022 | Taipei, Taiwan

Chat and News Feed Platforms

- Led the design of gamification mechanics, resulting in membership growth from 10,000 to 70,000+.
- Conducted stakeholder interviews, driving strategic website revisions and boosting user engagement by 50%.
- Created and implemented a design system from scratch, ensuring consistency across the platform.
- Implemented features that reduced user friction on the platform, contributing to a 20% increase in website page views.
